

# Intellectual Property Databases

Current through April 1, 2008

This database list contains descriptions of the intellectual property databases on Westlaw. Intellectual property databases contain cases, statutes, and administrative materials that relate to intangible property rights such as copyright, trademark, patent, trade secret, and other similar rights.

In addition, the extensive collection of legal texts and periodicals on Westlaw provides expert commentary and practice tips regarding intellectual property, and news and information databases help you stay up-to-date on many topics related to intellectual property. For descriptions of databases on Westlaw that pertain to related topics, see *Entertainment Law Databases*.

For assistance using Westlaw, call 1-800-WESTLAW (1-800-937-8529).

U.S. Court of Appeals for the Federal Circuit Cases U.S. Court of Appeals for the Federal Circuit Cases—Before 1945	CTAF CTAF-OLD
Cases from federal appellate courts authoritative in the Federal Circuit. Coverage of cases in CTAF begins with 1945. Coverage of cases in CTAF-OLD begins with 1856 and ends with 1944.	
<b>Multistate Intellectual Property—Cases</b>	MIP-CS
Cases from the state courts of all 50 states and the District of Columbia that relate to intangible property rights such as copyright, trademark, patent, trade secret, and other similar rights. Coverage varies by state.	
<b>BNA United States Patents Quarterly</b>	USPQ
Decisions and orders from federal and state courts, administrative agencies, and other tribunals and authorities that relate to patents, trademarks, copyrights, and other intellectual property issues. Includes documents published by BNA in <i>United States Patents Quarterly</i> , including editorial enhancements. Coverage begins with 1929. Not available to law school subscribers.	
<b>BNA United States Patents Quarterly—All (Multibase)</b>	BNA-USPQ-ALL
All documents from the USPQ and BNA Treatise: Patents and the Federal Circuit (BNA-PFC) databases. Coverage varies by source. Not available to law school subscribers.	
<b>New York Times v. Tasini—Documents</b>	TASINI-DOC
Court-filed documents, oral argument materials, briefs, and court opinions related to <i>New York Times v. Tasini</i> from the U.S. District Court, Southern District of New York; the U.S. Court of Appeals, Second Circuit; and the U.S. Supreme Court. Coverage begins with December 1993.	

## Briefs, Pleadings, and Other Court Documents

DATABASE	IDENTIFIER
<b>Andrews Computer and Internet Litigation Reporter Court Documents</b>	ANCOMPILR-DOC
Court documents that are cited in the Andrews Computer and Internet Litigation Reporter database (ANCOMPILR), including petitions, complaints, briefs, motions, and memoranda. Coverage begins with 2000.	
<b>Andrews E-Business Law Bulletin Court Documents</b>	ANEBUSLB-DOC
Court documents that are cited in the Andrews E-Business Law Bulletin database (ANEBUSLB), including petitions, complaints, briefs, motions, and memoranda. Coverage begins with 2000.	
<b>Andrews Entertainment Industry Litigation Reporter Court Documents</b>	ANENTILR-DOC
Court documents that are cited in the Andrews Entertainment Industry Litigation Reporter database (ANENTILR), including petitions, complaints, briefs, motions, and memoranda. Coverage begins with 2000.	
<b>Andrews Intellectual Property Litigation Reporter Court Documents</b>	ANIPLR-DOC
Court documents that are cited in the Andrews Intellectual Property Litigation Reporter database (ANIPLR), including petitions, complaints, briefs, motions, and memoranda. Coverage begins with 2000.	
<b>Andrews Patent Litigation Reporter Court Documents</b>	ANPATLR-DOC
Court documents that are cited in the Andrews Patent Litigation Reporter database (ANPATLR), including petitions, complaints, briefs, motions, and memoranda. Coverage begins with 2004.	
<b>Federal Intellectual Property Briefs</b>	FIP-BRIEF
Selected briefs filed with the U.S. Supreme Court and courts of appeals that relate to intangible property rights such as copyright, trademark, patent, trade secret, and other similar rights. Coverage begins with 1872.	

<b>Federal Patent Briefs</b>	<b>FPT-BRIEF</b>
Selected briefs filed with the U.S. Supreme Court and courts of appeals that relate to patents. Coverage begins with 1905.	
<b>Federal Trademark Briefs</b>	<b>FTM-BRIEF</b>
Selected briefs filed with the U.S. Supreme Court and courts of appeals that relate to trademarks. Coverage begins with 1896.	
<b>Intellectual Property Expert Witness Filings</b>	<b>IP-EW-DOCS</b>
Selected reports, affidavits, depositions, and transcripts of trial testimony of expert witnesses in cases from selected state and federal trial courts that relate to intangible property rights such as copyright, trademark, patent, trade secret, and other intellectual property rights. The editorially enhanced documents may include the full text of testimony given by an expert witness in a deposition or trial; a segment of expert witness testimony in a deposition that involves a key issue in the trial or on appeal; a sworn affidavit identifying factual matters about which an expert is competent to testify that has been submitted into trial as evidence; and reports containing an expert's factual compilation submitted into evidence to refute or support an issue in a case. Coverage begins with 1996.	
<b>Intellectual Property Trial Filings</b>	<b>IP-FILING</b>
Motions, memoranda, pleadings, and other trial filings related to intellectual property litigation in state and federal courts. Coverage begins with 1995.	
<b>Intellectual Property Trial Motions</b>	<b>IP-MOTIONS</b>
Motions and memoranda filed in intellectual property cases in state and federal courts. Coverage begins with 1997.	
<b>Intellectual Property Trial Pleadings</b>	<b>IP-PLEADINGS</b>
Pleadings, complaints, and answers filed in intellectual property cases in state and federal courts. Coverage begins with 1997.	
<b>Patent Trial Filings</b>	<b>PT-FILING</b>
Motions, memoranda, pleadings, and other documents filed in patent cases in state or federal courts. Coverage begins with 1997.	
<b>Trademark Trial Filings</b>	<b>TM-FILING</b>
Motions, memoranda, pleadings, and other trial filings related to trademark litigation in state and federal courts. Coverage begins with 1997.	
<b>New York Times v. Tasini—Documents</b>	<b>TASINI-DOC</b>
Court-filed documents, oral argument materials, briefs, and court opinions related to <i>New York Times v. Tasini</i> from the U.S. District Court, Southern District of New York; the U.S. Court of Appeals, Second Circuit; and the U.S. Supreme Court. Coverage begins with December 1993.	

## Statutes and Court Rules

<b>DATABASE</b>	<b>IDENTIFIER</b>
<b>Federal Intellectual Property—U.S. Code Annotated</b>	<b>FIP-USCA</b>
Documents from the <i>United States Code Annotated</i> <sup>®</sup> (USCA <sup>®</sup> ) that relate to intangible property rights such as copyright, trademark, patent, trade secret, and other similar rights.	
<b>Arnold &amp; Porter Legislative History: General Revision of Copyright Law, 1976</b>	<b>COPYREV76-LH</b>
Comprehensive legislative history of the act for the general revision of the Copyright Law (title 17 of the <i>United States Code</i> ), Pub. L. No. 94-553 (1976), compiled by Arnold & Porter, including the text of bills, committee reports, transcripts of hearings, and other documents.	
<b>Multistate Intellectual Property—Statutes</b>	<b>MIP-ST</b>
Statutes from all 50 states, the District of Columbia, Guam, Puerto Rico, and the Virgin Islands that relate to intangible property rights such as copyright, trademark, patent, trade secret, and other similar rights.	

<b>Local Rules–Patents</b>	<b>RULES-PAT</b>
State and local federal district and bankruptcy court rules for patent-related proceedings. Coverage varies by jurisdiction.	

## Administrative Materials

<b>DATABASE</b>	<b>IDENTIFIER</b>
<b>Federal Intellectual Property–Code of Federal Regulations</b>	<b>FIP-CFR</b>
Documents from the <i>Code of Federal Regulations</i> that relate to intangible property rights such as copyright, trademark, patent, trade secret, and other similar rights.	
<b>Federal Intellectual Property–Federal Register</b>	<b>FIP-FR</b>
Documents from the <i>Federal Register</i> that relate to intangible property rights such as copyright, trademark, patent, trade secret, and other similar rights. Coverage begins with January 1981.	
<b>Federal Intellectual Property–Board of Patent Appeals and Interferences Decisions</b>	<b>FIP-BPAI</b>
Decisions of the Board of Patent Appeals and Interferences that have been released by the U.S. Patent and Trademark Office (USPTO). Coverage begins with January 1987.	
<b>Federal Intellectual Property–Copyright Office Circulars and Factsheets</b>	<b>FIP-CPYINFO</b>
Information circulars and factsheets covering the various aspects of copyrights and the procedures of the U.S. Copyright Office.	
<b>Federal Intellectual Property–Copyright Office Practices</b>	<b>FIP-CPYPRC</b>
Full text of <i>Compendium II: Copyright Office Practices</i> , a general guide to the policies and procedures of the U.S. Copyright Office.	
<b>Federal Intellectual Property–U.S. Copyright Office Reports and Studies</b>	<b>FIP-CPYRPTS</b>
Reports and studies published by the U.S. Copyright Office that provide information on its policies and procedures, including strategic plans, annual reports, and analyses of specific acts. Coverage varies by document type.	
<b>Federal Intellectual Property–Manual of Patent Examining Procedure, Eighth Edition</b>	<b>FIP-MPEP8D</b>
<b>Federal Intellectual Property–Manual of Patent Examining Procedure, Eighth Edition, Revision 4</b>	<b>FIP-MPEP8D4R</b>
<b>Federal Intellectual Property–Manual of Patent Examining Procedure, Seventh Edition</b>	<b>FIP-MPEP7D</b>
Full text of the <i>Manual of Patent Examining Procedure</i> , published by the USPTO, which discusses the practices and procedures related to the prosecution of patent applications before the USPTO.	
<b>Federal Intellectual Property–Patent and Trademark Office Decisions</b>	<b>FIP-PTO</b>
Administrative decisions released by the USPTO that have been prepared by the Commissioner of Patents and Trademarks, the Board of Patent Appeals and Interferences, or the Trademark Trial and Appeal Board. Coverage begins with January 1987.	
<b>Federal Intellectual Property–Trademark Manual of Examining Procedure, Fifth Edition</b>	<b>FIP-TMEP5TH</b>
<b>Federal Intellectual Property–Trademark Manual of Examining Procedure, Fourth Edition</b>	<b>FIP-TMEP4TH</b>
<b>Federal Intellectual Property–Trademark Manual of Examining Procedure, Third Edition</b>	<b>FIP-TMEP3D</b>
<b>Federal Intellectual Property–Trademark Manual of Examining Procedure, Second Edition</b>	<b>FIP-TMEP2D</b>
Full text of the <i>Trademark Manual of Examining Procedure</i> , published by the USPTO to provide examining attorneys at the USPTO, as well as trademark applicants and their representatives, with guidelines to the practices and procedures related to the prosecution of applications to register marks in the USPTO.	
<b>Federal Intellectual Property–Trademark Trial and Appeal Board Decisions</b>	<b>FIP-TTAB</b>
Decisions of the Trademark Trial and Appeal Board that have been released by the USPTO. Coverage begins with January 1987.	

Trademark Trial and Appeal Board Manual of Procedure, Second Edition	FIP-TBMP2D
Trademark Trial and Appeal Board Manual of Procedure, First Edition	FIP-TBMP1D

Full text of the *Trademark Trial and Appeal Board Manual of Procedure*, a reference to Trademark Trial and Appeal Board practices and procedures, published by the USPTO to provide practitioners with basic information that is useful for litigating cases before the board.

<b>Federal International Law–International Trade Commission</b>	FINT-ITC
---	----------

Documents released by the International Trade Commission (ITC) concerning investigations it has conducted, including formal conclusions of investigations, investigative reports, recommended determinations, orders, and memoranda prepared by the general counsel of the ITC. Coverage begins with 1975. As of September 1986, the ITC no longer releases memoranda prepared by its general counsel.

<b>BNA United States Patents Quarterly</b>	USPQ
--	------

Decisions and orders from federal and state courts, administrative agencies, and other tribunals and authorities that relate to patents, trademarks, copyrights, and other intellectual property issues. Includes documents published by BNA in *United States Patents Quarterly*, including editorial enhancements. Coverage begins with 1929. Not available to law school subscribers.

<b>BNA United States Patents Quarterly–All (Multibase)</b>	BNA-USPQ-ALL
--	--------------

All documents from the USPQ and BNA Treatise: Patents and the Federal Circuit (BNA-PFC) databases. Coverage varies by source. Not available to law school subscribers.

## Jury Materials

<b>DATABASE</b>	<b>IDENTIFIER</b>
-----------------	-------------------

<b>Intellectual Property Combined Jury Verdicts and Settlement Summaries</b>	IP-JV
--	-------

Summaries of jury verdicts, judgments, settlements, and arbitration awards compiled by various jury verdict publishers that relate to intangible property rights, such as copyright, trademarks, patents, and trade secrets. Coverage varies by source.

<b>Model Jury Instructions–Patents</b>	FIP-JIPAT
--	-----------

Text of model jury instructions for patent-related matters. Coverage varies by source.

## Public Records

<b>DATABASE</b>	<b>IDENTIFIER</b>
-----------------	-------------------

<b>Dockets–Patent</b>	DOCK-PATENT
-----------------------	-------------

Docket information on patent-related cases filed in the U.S. district courts. Coverage begins with January 2000.

<b>Intellectual Property Docket Summaries</b>	IP-DOCK-SUM
---	-------------

Docket header information and patent and trademark information from patent-related or trademark-related lawsuits filed in the U.S. district courts. Coverage begins with January 2003.

<b>Patent Docket Summaries</b>	PAT-DOCK-SUM
--------------------------------	--------------

Docket header information, such as the title of the action, name of the court, docket number, filing date, cause of action, and names of the parties, and patent information, such as the patent number, application number, title and abstract of the patent, U.S. and international classes, and names of inventors and assignees, from patent-related lawsuits filed in the U.S. district courts. Coverage begins with 2003.

<b>Trademark Docket Summaries</b>	TM-DOCK-SUM
-----------------------------------	-------------

Docket header information, such as the title of the action, name of the court, docket number, filing date, cause of action, and names of the parties, and trademark information, such as the name of the mark, mark type, serial and registration numbers, drawing code, goods and services information, U.S. and international classes, and owner information, from trademark-related lawsuits filed in the U.S. district courts. Coverage begins with January 2003.

## Patents

### PATENT DATABASES

DATABASE	IDENTIFIER
<b>Manual of U.S. Patent Classifications</b> A reference work listing the numbers and descriptive titles of the approximately 430 patent classes and 150,000 subclasses in the U.S. Patent Classification System, as well as the plant and design classes.	FIP-USPATCL
<b>United States Patent Materials--All</b> Full text of patents granted by the USPTO, patent applications filed with the USPTO, and patent assignments issued by the USPTO. Coverage of granted patents begins with 1976, patent applications with March 2001, and patent assignments with 1980. The full-text patents, along with all drawings, can be viewed in PDF.	US-PAT-ALL
<b>United States Patent Applications</b> Complete text of patent applications filed with the USPTO. Each document contains all front-page information, including the title of the application, the inventors, the application number and date, the published application number and date, related applications, classification data, cited references, and an abstract, plus the background of the invention, a brief summary of the invention, a description of the drawings, a detailed description of the preferred embodiment of the invention with examples, and all claims. Coverage begins with March 2001. The full text of patent applications, along with all drawings, can be viewed in PDF.	US-PAT-APP
<b>United States Patent Assignments</b> Complete text of patent assignments issued by the USPTO. Each document contains the number and title of the affected patent, assignees and assignors, type of assignment (e.g., full interest or security interest), date signed and date recorded, contact information, and reference number (reel and frame) for the USPTO microfilm containing the full image of the assignment deed. Coverage begins with 1980.	US-PAT-ASSIGN
<b>U.S. Patents Full-Text</b> <b>U.S. Patents Full-Text 2000--Current</b> <b>U.S. Patents Full-Text 1990--1999</b> <b>U.S. Patents Full-Text 1980--1989</b> <b>U.S. Patents Full-Text 1976--1979</b> Full text of patents granted by the USPTO, including utility, design, and plant patents; reissue patents; defensive publications; and statutory invention registrations (SIRs). Each document contains all front-page information, including title, author, assignee, related applications, classification data, cited references, and abstract. The full text of the patent usually includes the background of the invention, a brief summary of the invention, a description of the drawings, a detailed description of the preferred embodiment of the invention with examples, and all claims. Coverage begins with 1976. The database also covers patent applications beginning with March 2001. The full-text patents, along with all drawings, can be viewed in PDF.	US-PAT US-PAT2000 US-PAT1990 US-PAT1980 US-PAT1970
<b>U.S. Patents--Full Text and Images 1790--1976</b> Full text, including drawings, of all patents granted by the USPTO from 1790 through 1975. The text of a patent includes front-page information such as title, author, assignee, related applications, classification data, cited references, and an abstract, together with a brief summary of the invention, a description of the drawings, a detailed description of the preferred embodiment of the invention with examples, and all claims.	US-PATPRE76

<p><b>U.S. Design Patents Full-Text</b>  <b>U.S. Plant Patents Full-Text</b>  <b>U.S. Reissue Patents Full-Text</b>  <b>U.S. Utility Patents Full-Text</b></p> <p>Complete text of design patents, plant patents, reissue patents, or utility patents issued by the USPTO. Each document contains all front-page information, including title, author, assignee, related applications, classification data, cited references, and abstract. The full text of the original patent usually includes the background of the invention, a brief summary of the invention, a description of the drawings, a detailed description of the preferred embodiment of the invention with examples, and all claims. Coverage begins with 1976. The full-text patents, along with all drawings, can be viewed in PDF.</p>	<p>US-DESIGN  US-PLANT  US-REISSUE  US-UTIL</p>
<p><b>U.S. Defensive Publications Full-Text</b></p> <p>Complete text of defensive publications issued by the USPTO. Documents contain information such as patent number, title, author, assignee, date of application, classification data, and an abstract. Coverage of defensive publications begins with 1976 and ends with 1985, when they were replaced by statutory invention registrations.</p>	<p>US-DEFPUB</p>
<p><b>U.S. Statutory Invention Registrations Full-Text</b></p> <p>Complete text of SIRs issued by the USPTO. Documents contain information such as the title, patent number, author, assignee, related applications, classification data, cited references, and an abstract. The full text of the SIR usually includes a brief summary of the invention, a description of the related art and drawings, a description of the applications of the invention, and all claims. Coverage begins with 1985. The full-text SIRs, along with all drawings, can be viewed in PDF.</p>	<p>US-SIR</p>
<p><b>Derwent® LitAlert</b></p> <p>Records for patent and trademark infringement lawsuits filed in federal district courts and reported to the USPTO. Also includes records for lawsuits filed since the early 1970s that have never been published in the <i>Official Gazette</i>. Coverage begins with 1973.</p>	<p>LITALERT</p>
<p><b>Derwent Patent Status File</b></p> <p>Records of post-issue actions, such as extensions, expirations, disclaimers, dedications, and requests for reissue and reexamination, that may affect the status of a U.S. patent. Each post-issue action is contained in a separate document. Coverage begins with 1973.</p>	<p>PATSTAT</p>
<p><b>Derwent World Patents Legal</b></p> <p>Information from more than 14 million patent family documents covering more than 20 million separate patents from 40 global patent-issuing authorities. Each document in the database describes a single patent family containing data from the first publication of an invention (the basic patent), as well as any subsequent published patents relating to that invention (equivalent patents). Documents contain bibliographic data, Derwent-assigned titles, abstracts, and general indexing. Coverage begins with 1963. For tips on searching DWPL, see the Derwent Research Tools database (DERWENT).</p>	<p>DWPL</p>
<p><b>Derwent Research Tools</b></p> <p>Research aids for the DWPL database, including coverage information by country (Coverage), a list of country abbreviations (Country Abbrev.), descriptions of kind codes by country (Kind Codes), a list of standard abbreviations used by Derwent editors (Abbreviations), and Derwent patent classifications (Patent Classes).</p>	<p>DERWENT</p>
<p><b>Patent Cooperation Treaty Patents</b></p> <p>Patent applications and related documents, such as republications, filed with the World Intellectual Property Organization (WIPO) pursuant to the Patent Cooperation Treaty (PCT). Each document in the database contains all front-page information from the application, including the title, inventor, assignee, classification data, and abstract. Coverage begins with 1978. Beginning with 2004, the full text of patent applications is available, including the background of the invention, a brief summary of the invention, a detailed description of the invention, and all claims. Images of the original patent applications, along with all drawings, can be viewed in PDF.</p>	<p>PCT-PAT</p>

## PATENT TEXTS AND PERIODICALS

DATABASE	IDENTIFIER
<b>Adelman, Rader, and Klancnik's Patent Law in a Nutshell</b> Full text of <i>Patent Law in a Nutshell</i> , which describes the fundamentals of U.S. patent law. Ranging from the acquisition of patent rights to their enforcement, the book contains an overview of relevant statutes, rules, and cases that collectively define this area of intellectual property law. Topics covered include claim construction, obviousness, anticipation, written description and enablement, infringement, and remedies. Not available to law school subscribers.	PATLAW-NS
<b>American Jurisprudence Legal Forms 2d: Patents</b> Forms, clauses, and checklists from <i>American Jurisprudence Legal Forms 2d</i> that relate to patents.	AMJURLF-PAT
<b>American Jurisprudence 2d: Patents</b> Sections of <i>American Jurisprudence 2d</i> (Am Jur® 2d) that discuss patents.	AMJUR-PAT
<b>American Law Reports—Patents</b> Full text of annotations included in <i>American Law Reports</i> (ALR®) (First through Sixth series) and <i>ALR Federal</i> (First and Second series) that pertain to patents. The database also includes the <i>Index to Annotations</i> covering these series.	ALR-PAT
<b>Andrews Patent Litigation Reporter</b> Full text of the <i>Patent Litigation Reporter</i> , a monthly newsletter covering patent litigation. Coverage begins with June 2004.	ANPATLR
<b>Annotated Patent Digest (Matthews)</b> Full text of the <i>Annotated Patent Digest</i> , which contains summaries of all relevant patent law cases in the United States beginning with 1998, as well as selected older cases, along with expert commentary.	ANPATDIG
<b>Biotechnology and the Law</b> Full text of <i>Biotechnology and the Law</i> , which explains how to patent biotechnological inventions. The treatise includes chapters on biotechnology and the patent system; the patentability of biological invention; biological invention and the use of “laws” and “products” of nature; novelty, nonobviousness, and double patenting; disclosure requirements; infringement; claim drafting; procedure and practice in the USPTO; utility patent protection of plant and animal varieties; ownership and licensing; plant patent protection; the Plant Variety Protection Act and the International Convention for the Protection of New Varieties of Plants (UPOV); protection of biological invention abroad; and other forms of protection of biotechnology.	BIOTECHLAW
<b>BNA Corporate Practice Portfolios: Tying Arrangements: Practice Under Federal Antitrust, Patent, and Banking Law</b> Text of BNA's Portfolio No. 39-2, which explains the requirements necessary to prove that an illegal tie exists and sets out the defenses that may justify a tie in particular situations under section 1 of the Sherman Act and section 3 of the Clayton Act. Worksheets include comprehensive and detailed charts chronicling the progression of tying case law. Not available to law school subscribers.	BNACPS-TY
<b>BNA Treatise: Patents and the Federal Circuit</b> Full text of <i>Patents and the Federal Circuit</i> , Eighth Edition, which contains chapters on patentability, claim construction and infringement, ownership and enforcement, remedies, the USPTO, and the Court of Appeals for the Federal Circuit. Not available to law school subscribers.	BNA-PFC
<b>BNA United States Patents Quarterly—All (Multibase)</b> All documents from the USPQ and BNA-PFC databases. Coverage varies by source. Not available to law school subscribers.	BNA-USPQ-ALL
<b>Corpus Juris Secundum: Patents</b> Full text of the Patents title (volume 69) of <i>Corpus Juris Secundum</i> ® (CJS®).	CJS-PATENT

<b>Designs and Utility Models Throughout the World</b>	DUWORLD
Full text of <i>Designs and Utility Models Throughout the World</i> , which summarizes the laws on designs and utility models from more than 160 countries.	
<b>Federal Circuit Patent Case Digests</b>	PATDIGEST
Full text of <i>Federal Circuit Patent Case Digests</i> , a five-volume work summarizing and highlighting every published decision of the U.S. Court of Appeals for the Federal Circuit that deals with patent-related issues.	
<b>Federal Circuit Yearbook: Patent Law Developments in the Federal Circuit</b>	PLIREF-FEDCIR
Text of the 2006 edition of the Practising Law Institute's (PLI's) <i>Federal Circuit Yearbook: Patent Law Developments in the Federal Circuit</i> , which analyzes patent law developments by reviewing patent decisions of the U.S. Court of Appeals for the Federal Circuit from 2005.	
<b>Forms Finder: Patents</b>	PATFORM-ALL
Forms, clauses, and checklists relating to patents and patent law from numerous West publications, including <i>West's® Legal Forms</i> , <i>Nichols Cyclopedic of Legal Forms Annotated</i> , <i>American Jurisprudence Legal Forms 2d</i> , state forms, and other sources.	
<b>How to Write a Patent Application</b>	PLIREF-PATAPP
Text of PLI's <i>How to Write a Patent Application</i> , a practical step-by-step guide to preparing a patent application, including working with the inventor, the novelty search, writing the specification and preparing the information disclosure statement, applying the differing requirements of special types of patents, and preparing a U.S. application for foreign filing.	
<b>Landis on Mechanics of Patent Claim Drafting</b>	PLIREF-PATCLAIM
Text of PLI's <i>Landis on Mechanics of Patent Claim Drafting</i> , Fourth Edition, which discusses drafting practices and techniques for patent claims, including stylized terms and definitions that have evolved over the years through case law, custom, and rules and memoranda issued by the USPTO.	
<b>Modern Patent Law Precedent</b>	MPATLAWP
Full text of <i>Modern Patent Law Precedent</i> , Seventh Edition, a dictionary of more than 2,000 terms and concepts from patent law. Each term or concept is explained through references from case law and also may track historical developments or changes.	
<b>Moy's Walker on Patents</b>	MOY-PAT
Full text of the first five volumes of the fourth edition of <i>Moy's Walker on Patents</i> , which provides an in-depth analysis of patent law. Future volumes of the fourth edition will be released on Westlaw as they become available.	
<b>Nichols Cyclopedic of Legal Forms: Patents</b>	NICHOLS-LFPAT
Forms, clauses, and checklists from <i>Nichols Cyclopedic of Legal Forms Annotated</i> that relate to patents.	
<b>Patent Applications Handbook</b>	PATAPP
Full text of the 2007 edition of the <i>Patent Applications Handbook</i> , which discusses the proper procedures for filing and prosecuting applications. The handbook describes exactly what must be included in an application and explains the fundamentals of preparing a disclosure, drafting claims, and submitting prior art under the new rules.	
<b>Patent Damages Law and Practice</b>	PATDAMAGES
Full text of <i>Patent Damages Law and Practice</i> , a primer on patent damages law under 35 U.S.C.A. § 284, including tips for evaluating a claim, strategies for patent damage litigation, and discovery techniques.	
<b>Patent Disputes: Litigation Forms and Analysis</b>	PDLFA
Full text of <i>Patent Disputes: Litigation Forms and Analysis</i> , which includes more than 60 forms, along with checklists and commentary, covering virtually every area of patent litigation in federal courts and administrative bodies.	

<b>Patent Interference Practice Handbook</b>	PIPHB
Full text of the <i>Patent Interference Practice Handbook</i> , which discusses every stage of a patent interference proceeding.	
<b>Patent Law: A Practitioner's Guide</b>	PLIREF-PATPRAC
Text of PLI's <i>Patent Law: A Practitioner's Guide</i> , Third Edition, a practical guide covering patent law, including when inventions can be patented; rights of the inventor, applicant, and patentee; employer rights to an employee's invention; USPTO examination of patent applications and reexamination of issued patents; and key factors used to determine the unobviousness of an invention over the prior art, including the need to show commercial success. Patent litigation, interference, infringement, and antitrust issues are also discussed.	
<b>Patent Law Basics</b>	PATBASICS
Full text of <i>Patent Law Basics</i> , a reference guide covering the fundamentals of patent protection and exploitation from an introduction to intellectual property and patents through the steps of prosecuting patent applications in the USPTO.	
<b>Patent Law Fundamentals</b>	PATLAWF
Full text of <i>Patent Law Fundamentals</i> , Second Edition, a practice-oriented guide covering both patent prosecution and patent litigation. Subjects include application preparation, litigation tactics, differences between U.S. and foreign law, and recent changes in the law.	
<b>Patent Law Handbook</b> <b>Patent Law Handbook Old</b>	PATLAWHAND PATLWHB-OLD
Full text of the <i>Patent Law Handbook</i> , which alerts you to new developments in the law and how they may affect your practice. Specific topics covered by the treatise include validity, inequitable conduct, defenses and counterclaims, infringement, willful infringement, remedies, summary judgment, jurisdiction and appeal, pretrial and trial issues, and USPTO proceedings. The treatise also analyzes the Federal Circuit's approach to statutory subject matter as it relates to computer software and its holdings in other opinions.	
<b>Patent Law: Legal and Economic Principles</b>	PATLEGECON
Full text of <i>Patent Law: Legal and Economic Principles</i> , Second Edition, which applies economic analysis to the general set of patent rules. The treatise describes how major legal doctrines have been developed by Congress, the Supreme Court, and the lower federal courts throughout the history of patent law. It further points out apparent inadequacies in past decisions, provides assistance in the areas where patent law demands economic analysis, and describes economic theories that the courts have applied to explain and develop patent law.	
<b>Patent Law Practice Forms</b>	PATPRACFRM
Full text of <i>Patent Law Practice Forms</i> , which contains the full text of the Rules of Practice in Patent Cases and the Federal Rules of Civil Procedure, editorial commentary and annotations, and hundreds of sample forms for use in patent prosecution and litigation.	
<b>Patent Licensing: Strategy, Negotiations, and Forms</b>	PLIREF-PATLIC
Text of PLI's <i>Patent Licensing: Strategy, Negotiations, and Forms</i> , a guide to negotiating and drafting patent license agreements, including the granting of exclusive patent licenses; establishing the duration of the license and license termination guidelines; setting financial terms and payment issues; auditing licensee records; ensuring licensee performance; protecting against the infringement of licensed patents; maintaining the confidentiality of licensing agreements; and handling disputes via arbitration proceedings.	
<b>Patent Litigation</b>	PLIREF-PATLIT
Text of PLI's <i>Patent Litigation</i> , which covers the basic elements of a patent owner's case, including preliminary investigations; issues of jurisdiction, pleadings, and pretrial motions; the use of discovery; damages and attorney fees; injunctions; pretrial proceedings; trial; appeal; and the role of insurance coverage.	
<b>Patent Official Forms</b>	PATFORMS
A collection of official forms, plus research references, for use in practice before the USPTO and within the PCT. The forms can be viewed in PDF.	

<b>Patent Practitioner Analytical Library</b>	PAT-PRA-AN
A database available to WestlawPRO® Patent Practitioner subscribers containing selected documents from law reviews, texts, bar journals, and legal practice-oriented periodicals. Coverage varies by source.	
<b>Patents Throughout the World</b>	PATWORLD
Full text of <i>Patents Throughout the World</i> , Fourth Edition, a comprehensive guide to the patent laws of more than 160 countries. The treatise summarizes the patent laws of each country, lists the conditions under which patents can be obtained in various countries, and provides the complete texts or summaries of the most important international patent treaties.	
<b>Patent Strategy and Management</b>	PATSTRMAN
A monthly newsletter covering the latest legal and practical developments relating to patents, including analysis and perspective from a distinguished board of editors drawn from the worlds of law, business, intellectual property consulting, and high technology. Coverage begins with February 2002.	
<b>Practitioner's Manual of Patent Examining Procedure</b>	PMPEP
Full text of the <i>Practitioner's Manual of Patent Examining Procedure</i> , which contains the text of the USPTO's <i>Manual of Patent Examining Procedure</i> , Eighth Edition (Revision 5), annotated with author comments and practice references.	
<b>West's Legal Forms: Patent Law</b>	WEST-LFPAT
Forms, clauses, and checklists from <i>West's Legal Forms</i> that relate to patents.	

## Trademarks

### TRADEMARK DATABASES

DATABASE	IDENTIFIER
<b>TRADEMARKSCAN®-All</b>	ALL-TM
Information on trademarks and service marks registered with U.S., Canadian, and European trademark authorities, as well as all applications for registration. Pending applications include both actual-use and proposed-use applications. Coverage varies by jurisdiction.	
<b>TRADEMARKSCAN-North America</b>	NA-TM
All documents from the TRADEMARKSCAN-U.S. Federal (FED-TM), TRADEMARKSCAN-U.S. State (ST-TM), and TRADEMARKSCAN-Canada (CAN-TM) databases. Coverage varies by jurisdiction.	
<b>TRADEMARKSCAN-U.S. Federal</b>	FED-TM
Information on all trademarks and service marks registered with the USPTO, as well as all applications for registration filed with the USPTO. Each document contains the mark, international and U.S. class numbers, the USPTO serial number, and information about the status of the mark. It may also contain information and historical data, such as changes in ownership and actions brought before the Trademark Trial and Appeal Board. Inactive registered or pending marks (i.e., those that have expired or have been canceled or abandoned) remain in the database with the current status indicated. Coverage of active marks begins with 1884, and coverage of inactive marks begins with 1984.	
<b>TRADEMARKSCAN-U.S. State</b>	ST-TM
<b>TRADEMARKSCAN-Individual State</b>	XX-TM
Information on all trademarks and service marks registered with the secretaries of state in all 50 states and in Puerto Rico and American Samoa. Most documents include the mark, international and state class numbers, ownership history, goods or services description, status, state of registration, registration number, filing correspondent, claims, disclaimers, and date information pertaining to activities such as first use, registration, renewal, abandonment, cancellation, and expiration. Coverage of active marks begins with 1900; coverage of inactive marks begins with December 1986. Marks from individual jurisdictions are found in databases with the identifier XX-TM, where XX is a jurisdiction's two-letter abbreviation.	

<b>TRADEMARKSCAN–Canada</b>	<b>CAN-TM</b>
All active trademark registrations and applications filed with the Canadian Intellectual Property Office. Records are primarily in English with some data in French. Coverage of active marks begins with 1865; coverage of inactive marks begins with 1978.	
<b>TRADEMARKSCAN–Europe</b>	<b>EURO-TM</b>
Combination database that contains trademark applications and registrations filed with registration offices in various European countries, with the European Union’s Office of Harmonization in the Internal Market, or with the WIPO. Coverage includes all active marks; coverage of inactive marks varies by jurisdiction.	
<b>TRADEMARKSCAN–Austria</b>	<b>AUSTRIA-TM</b>
Trademark registrations filed with Österreichisches Patentamt, plus International Register registrations requesting protection in Austria. Records are primarily in English with some data in German. Coverage includes all active marks and inactive marks beginning with 1989.	
<b>TRADEMARKSCAN–Benelux-Merkenbureau</b>	<b>BENELUX-TM</b>
Trademark registrations filed with Benelux-Merkenbureau, plus International Register registrations requesting protection in the three Benelux countries. Records are primarily in English with some data in French and Dutch. Coverage includes all active marks and inactive marks beginning with 1989.	
<b>TRADEMARKSCAN–Czech Republic</b>	<b>CZECH-TM</b>
Information on trademark registrations and applications in the Czech Republic. Coverage includes all active marks and inactive marks beginning with 1992.	
<b>TRADEMARKSCAN–Denmark</b>	<b>DEN-TM</b>
Trademark applications and registrations filed with the Danish Patentdirektoratet. Records are primarily in English with some data in Danish. Coverage includes all active marks and inactive marks beginning with 1992.	
<b>TRADEMARKSCAN–European Community</b>	<b>EC-TM</b>
All active applications and registrations filed with the trademark registry of the Office of Harmonization in the Internal Market. The Community Trademark, instituted in April 1996, allows an applicant to file a single application to obtain trademark protection in each of the member states of the European Union. Coverage begins with April 1996.	
<b>TRADEMARKSCAN–Finland</b>	<b>FIN-TM</b>
Trademark applications and registrations filed with the Finnish Patentti- ja rekisterihallitus. Records are primarily in English with some data in Finnish. Coverage includes all active marks and inactive marks beginning with 1995.	
<b>TRADEMARKSCAN–France</b>	<b>FRANCE-TM</b>
Trademark applications and registrations filed with Institut National de la Propriété Industrielle, plus International Register registrations requesting protection in France. Records are primarily in English with some data in French. Coverage includes all active marks and inactive marks beginning with 1989.	
<b>TRADEMARKSCAN–Germany</b>	<b>GER-TM</b>
Trademark applications and registrations filed with the Deutsches Patent- und Markenamt, plus International Register registrations requesting protection in Germany. Records are primarily in English with some data in German. Coverage includes all active marks and inactive marks beginning with 1989.	
<b>TRADEMARKSCAN–Hungary</b>	<b>HUNGARY-TM</b>
Information on trademark applications and registrations in Hungary. Coverage includes all active marks and inactive marks beginning with 1992.	
<b>TRADEMARKSCAN–International Register</b>	<b>WIPO-TM</b>
Trademarks registered with the WIPO. Records are primarily in English with some data in French. Coverage includes all active marks, plus inactive marks beginning with 1989.	

<b>TRADEMARKSCAN–Ireland</b>	<b>IRELAND-TM</b>
Information on trademark applications and registrations in Ireland. Coverage includes all active marks and inactive marks beginning with 1992.	
<b>TRADEMARKSCAN–Italy</b>	<b>ITALY-TM</b>
Trademark applications and registrations filed with Ufficio Italiano Brevetti e Marchi, plus International Register registrations requesting protection in Italy. Records are primarily in English with some data in Italian. Coverage includes all active marks and inactive marks beginning with 1989.	
<b>TRADEMARKSCAN–Liechtenstein</b>	<b>LIECH-TM</b>
Trademarks filed with Amt für Volkswirtschaft Geistiges Eigentum, plus International Register registrations requesting protection in Liechtenstein. Records are primarily in English with some data in German and French. Coverage includes all active marks and inactive marks beginning with 1989.	
<b>TRADEMARKSCAN–Lithuania</b>	<b>LITHU-TM</b>
Information on trademark registrations and applications in Lithuania. Coverage includes all active marks and inactive marks beginning with 1992.	
<b>TRADEMARKSCAN–Monaco</b>	<b>MONACO-TM</b>
Trademarks filed with the Propriété Industrielle Littéraire et Artistique, plus International Register registrations requesting protection in Monaco. Records are primarily in English with some data in French. Coverage includes all active marks and inactive marks beginning with 1989.	
<b>TRADEMARKSCAN–Norway</b>	<b>NOR-TM</b>
Trademark applications and registrations filed with the Norwegian Patentstyret. Records are primarily in English with some data in Norwegian. Coverage includes all active marks and inactive marks beginning with 1990.	
<b>TRADEMARKSCAN–Poland</b>	<b>POL-TM</b>
Information on trademark applications and registrations in Poland. Coverage includes all active marks and inactive marks beginning with 1992.	
<b>TRADEMARKSCAN–Slovak Republic</b>	<b>SLOV-TM</b>
Information on trademark applications and registrations in the Slovak Republic. Coverage includes all active marks and inactive marks beginning with 1992.	
<b>TRADEMARKSCAN–Spain</b>	<b>SPAIN-TM</b>
Trademark applications and registrations filed with the Oficina Española de Patentes y Marcas, plus International Register registrations requesting protection in Spain. Coverage includes all active marks and inactive marks beginning with 1995.	
<b>TRADEMARKSCAN–Sweden</b>	<b>SWEDEN-TM</b>
Trademark applications and registrations filed with the Swedish Patent-och Registreringsverket. Records are primarily in English with some data in Swedish. Coverage includes all active marks and inactive marks beginning with 1987.	
<b>TRADEMARKSCAN–Switzerland</b>	<b>SWITZ-TM</b>
Trademark applications and registrations filed with the Swiss Eidgenössisches Institut für Geistiges Eigentum, plus International Register registrations requesting protection in Switzerland. Coverage includes all active marks and inactive marks beginning with 1989.	
<b>TRADEMARKSCAN–United Kingdom</b>	<b>UK-TM</b>
Trademark registrations and applications filed with the Trade Marks Branch of the Patent Office of the United Kingdom. Coverage includes all active marks and inactive marks beginning with 1989.	

## TRADEMARK TEXTS AND PERIODICALS

DATABASE	IDENTIFIER
<b>BNA Corporate Practice Portfolios: Trademarks and Related Unfair Competition Law</b> Text of BNA's Portfolio No. 18-4, which explains the process of securing and maintaining a federal trademark registration. Worksheets include applications to register a trademark, an affidavit to show use and a right to incontestability, a fee schedule, and addresses and information contacts at the USPTO. Not available to law school subscribers.	BNACPS-TMK
<b>Callmann on Unfair Competition, Trademarks, and Monopolies</b> Full text of <i>Callmann on Unfair Competition, Trademarks, and Monopolies</i> , Fourth Edition, which analyzes the law of unfair competition as it relates to trademarks, passing off, trade secrets, misappropriation, price discrimination, predatory pricing, and monopolies.	CALLMANN
<b>Corporate Counsel's Guide to Trademark Law</b> Full text of the <i>Corporate Counsel's Guide to Trademark Law</i> , which covers the basics of trademark law such as how to register a trademark; rules on trademarks in bankruptcy, tax, and antitrust law; and whether general comprehensive commercial insurance will cover the cost of defense for suits related to trademark or advertising problems. The publication also addresses trademark selection, registration, maintenance, and infringement; trade dress; false advertising; federal trademark dilution; trademarks on the Internet; trademark licenses and assignments; international aspects of trademarks; and trademark enforcement.	CCGTMLAW
<b>Federal Unfair Competition: Lanham Act 43(a)</b> Full text of <i>Federal Unfair Competition: Lanham Act 43(a)</i> , which discusses the role section 43(a) of the Lanham Act has played in the resolution of trademark and unfair competition claims in the federal courts. The treatise provides analysis of the legislative history of the Lanham Act and commentary on the most important and most recent court decisions, including detailed discussions of trademark, trade name, trade dress, advertising, and celebrity cases; right of privacy, including look-alikes and celebrity doubles; jurisdictional and procedural issues in litigation; and types of relief.	UNFAIRCOMP
<b>Likelihood of Confusion in Trademark Law</b> Text of PLI's <i>Likelihood of Confusion in Trademark Law</i> , which discusses the key factors used by the courts to determine whether the likelihood of confusion exists, including the strength of the senior mark, the similarity of the marks, product relatedness (including channels of trade), the consumer's degree of care, actual confusion, and the intent of the junior user.	PLIREF-TM
<b>McCarthy on Trademarks and Unfair Competition</b> Full text of <i>McCarthy on Trademarks and Unfair Competition</i> , Fourth Edition, which is the complete reference for trademark law with clear and concise analyses of cases and statutes. Subject areas covered include registering marks, appeals, remedies, and effective defenses in trademark and unfair competition litigation.	MCCARTHY
<b>Trademark Law: A Practitioner's Guide</b> Text of PLI's <i>Trademark Law: A Practitioner's Guide</i> , Third Edition, a primer on trademark law that covers selecting a trademark, protecting trade dress as a trademark, proper use of a trademark, registering a trademark and maintaining the registration, protecting a trademark from infringement and protecting against false advertising claims, defenses against infringement, enforcing trademark rights and litigation, licensing and assigning trademarks, and developing issues related to the Internet.	PLIREF-TMLAW
<b>Trademark Law Practice Forms, 2d</b> Text of <i>Trademark Law Practice Forms, 2d</i> , which features complete coverage of all forms required for trademark application arranged according to the Trademark Rules, allowing you to read the procedural rule, see an example of its application, and determine what to expect from the USPTO in response to a filing. The treatise also contains trademark litigation forms, including typical responses to pleadings; concise editorial notes accompanying each form; and forms tailored to specific situations.	TMPRACFORM
<b>Trademark Practice Throughout the World</b> Text of <i>Trademark Practice Throughout the World</i> , a treatise that covers the creation and protection of a global mark, including prefiling strategies and considerations, treaties and international trade organizations, registration of international trademarks, maintaining marks, infringement and counterfeiting, and trademarks on the Internet.	TMPRWLD

<b>The Trademark Reporter</b>	<b>TMARKR</b>
Full-text articles from <i>The Trademark Reporter</i> , a bimonthly journal published by the International Trademark Association that covers trademark and unfair competition law worldwide. Full coverage begins with 1990 (vol. 80).	
<b>Trademarks Throughout the World</b>	<b>TMWORLD</b>
Full text of <i>Trademarks Throughout the World</i> , Fifth Edition, which provides summaries of the trademark law of more than 180 countries and their territorial subdivisions. The appendix provides information on trademark classifications and international conventions.	
<b>Trademark Trial and Appeal Board Practice and Procedure</b>	<b>TTABPP</b>
Full text of <i>Trademark Trial and Appeal Board Practice and Procedure</i> , which covers the rules and regulations governing practice before the Trademark Trial and Appeal Board.	
<b>Copyrights</b>	
<b>DATABASE</b>	<b>IDENTIFIER</b>
<b>Copyright Law: A Practitioner's Guide</b>	<b>PLIREF-CPYT</b>
Text of PLI's <i>Copyright Law: A Practitioner's Guide</i> , which explains the fundamentals of copyright law, including constitutional and statutory provisions; what works qualify for protection; ownership and transfer; deposit, registration, and recording requirements; publication and notice requirements; duration and renewal; the fair-use doctrine; and remedies for infringement.	
<b>Copyright Law in Business and Practice</b>	<b>COPYLBP</b>
Full text of <i>Copyright Law in Business and Practice</i> , Revised Edition, which analyzes U.S. and international copyright law. Subjects include protection for computer programs, registration, licensing, infringement, fair use, and remedies.	
<b>Copyright Litigation Handbook</b>	<b>COPYLITIG</b>
Full text of the <i>Copyright Litigation Handbook</i> , which covers all aspects of litigating a copyright case.	
<b>Corporate Counsel's Guide to Copyright Law</b>	<b>CCGCOPYR</b>
Full text of the <i>Corporate Counsel's Guide to Copyright Law</i> , which provides a basic working knowledge of the law of copyright. The treatise includes information about the major laws, such as the Digital Millennium Copyright Act; the types of works that are copyrightable; copyright registration requirements; the fair-use defense to copyright infringement; and copyright law issues with respect to the Internet (e.g., linking and framing). It also covers the rules for creating joint and derivative works, reverse engineering, and copyright licensing (including shrink-wrap and click-wrap licenses).	
<b>Journal of the Copyright Society of the U.S.A.</b>	<b>JCPS</b>
Full-text articles from the <i>Journal of the Copyright Society of the U.S.A.</i> Selected coverage begins with 1983 (vol. 30).	
<b>Law of Copyright</b>	<b>COPYLAW</b>
Full text of the <i>Law of Copyright</i> , which discusses all areas of copyright law, including the scope of protection, the transfer of rights, duration, and registration. The treatise analyzes the history and arguments that animate specific copyright issues, as well as providing blackletter citations and helpful practice hints.	
<b>Patry on Copyright</b>	<b>PATRYCOPY</b>
Full text of <i>Patry on Copyright</i> , which provides an encyclopedic analysis of copyright, placing court opinions and statutes in their real-world context. In addition to enumerating a complete legislative and statutory history for relevant provisions, the treatise provides a circuit-by-circuit breakdown of pertinent litigation issues. It also includes an extensive discussion of remedial, jurisdictional, choice of law, and international issues.	

<b>Substantial Similarity in Copyright Law</b>	PLIREF-SSCL
Text of PLI's <i>Substantial Similarity in Copyright Law</i> , which discusses substantial similarity with a focus on the key factors courts use to compare works in copyright infringement litigation.	

## Domain Names

DATABASE	IDENTIFIER
<b>Domain Names—Global Practice and Procedure</b>	DOMAIN-GPP
Full text of <i>Domain Names—Global Practice and Procedure</i> , which provides a country-by-country breakdown of information needed to advise businesses on how to create and protect domain names.	
<b>Uniform Domain Name Dispute Resolution Policy Arbitration Decisions</b>	UDRP-ARB
Arbitration decisions arising out of disputes over ownership of Internet domain names, including abusive registration and use of an Internet domain name. Decisions are based on the Uniform Domain Name Dispute Resolution Policy promulgated by the Internet Corporation for Assigned Names and Numbers. Coverage is from December 1999 to 2003, with selected coverage after 2003.	
<b>World Intellectual Property Organization Awards</b>	WIPO-AWARDS
Selected arbitration awards from the WIPO. Coverage begins with 2000.	

## Materials from Canada

DATABASE	IDENTIFIER
<b>All IPSource Content</b>	CANIP-ALL
Combined Canadian intellectual property, technology, and electronic commerce law materials on Westlaw from IPSource on WestlaweCARSWELL, including case law, public federal and provincial statutes currently in force, rules of practice currently in force in the common law provinces, and selected provincial regulations, as well as commentary and analysis from treatises, law reviews and journals, and newsletters. Coverage varies by source.	

### CANADIAN CASE LAW, STATUTES, AND ADMINISTRATIVE MATERIALS

DATABASE	IDENTIFIER
<b>Canadian Intellectual Property Case Law</b>	CANIP-CS-ALL
Canadian federal and provincial court decisions relating to intellectual property law from Carswell case reporters. Coverage begins with 1849.	
<b>BLG: Consolidated E-Commerce Statutes</b>	BLG-ECOMSTAT
Policy documents, legislation and related regulations, and international materials that pertain to technology and electronic commerce law in Canada.	
<b>BLG: Consolidated Intellectual Property Statutes</b>	BLG-IPSTAT
Policy documents, legislation and related regulations, and international materials that pertain to intellectual property law in Canada.	
<b>Canadian Intellectual Property Legislation</b>	CANIP-LEG
All public federal and provincial statutes, rules of practice, and selected regulations related to intellectual property that are currently in force in Canada. Legislation that is enacted but not yet in force is also included.	

<b>Canadian Intellectual Property Legislation and Related Materials</b>	CANIP-LEGR
Text of <i>Consolidated Electronic Commerce Statutes and Regulations with Related Materials</i> , which covers Canadian legislation related to electronic commerce, including issues of taxation, consumer protection, computer crimes, securities regulation, and domain name dispute resolution, and <i>Consolidated Intellectual Property Statutes and Regulations with Related Materials</i> , which covers Canadian legislation related to intellectual property, including patents, copyrights, industrial designs, trademarks, and Internet domain names. The database also includes public federal and provincial statutes, rules of practice, and selected regulations related to intellectual property currently in force in Canada, as well as legislation that is enacted but not yet in force.	
<b>Intellectual Property Policy Documents (Canada)</b>	CANIP-POLY
Policy statements, directives, white papers, international treaties, and model acts as published in <i>Consolidated Intellectual Property Statutes and Regulations with Related Materials</i> and <i>Consolidated Electronic Commerce Statutes and Regulations with Related Materials</i> .	
<b>CANADIAN TEXTS AND PERIODICALS</b>	
<b>DATABASE</b>	<b>IDENTIFIER</b>
<b>Intellectual Property Commentary (Canada)–All</b>	CANIP-COM
Text of analytical intellectual property law materials from WestlaweCARSWELL, including treatises and articles from law journals and newsletters. Coverage varies by source.	
<b>Intellectual Property Commentary–Annotated (Canada)</b>	CANIP-ANN
Commentary published in <i>Canadian Trade-Marks Act–Annotated Robic Leger</i> and <i>Canadian Copyright Act–Annotated Robic Leger</i> .	
<b>Carriere: Canadian Copyright Act–Annotated Robic Leger</b>	ROBIC-COPY
Commentary published in <i>Canadian Copyright Act–Annotated Robic Leger</i> , a reference work that includes legislation, legislative history, regulations, and case law related to the Copyright Act.	
<b>Dimock: Intellectual Property Disputes: Resolutions and Remedies</b>	DIMOCK-IP
Full text of <i>Intellectual Property Disputes: Resolutions and Remedies</i> , which focuses on remedies available to intellectual property owners and stakeholders at all stages of possible dispute, from risk management through mediation, alternative dispute resolution, and all levels of litigation.	
<b>Dimock Stratton’s Intellectual Property Law Newsletter</b>	DIMOCK-NEWS
A weekly electronic newsletter that reports on recent court decisions and other developments in Canadian intellectual property law. Coverage begins with August 2005.	
<b>Intellectual Property Journal</b>	IPJ-CAN
Full-text articles from the <i>Intellectual Property Journal</i> , which covers matters relating to patents, trademarks, copyright, designs, trade secrets, and competitive torts. The focus of the material is primarily on Canadian law. Full coverage begins with 1997 (vol. 12).	
<b>Jolliffe and Gill: Fox on Canadian Law of Trade-Marks and Unfair Competition</b>	FOX-TRADEMARK
Full text of <i>Fox on Canadian Law of Trade-Marks and Unfair Competition</i> , Fourth Edition, which discusses topics such as defining trademarks, distinctiveness and use, passing off, acquiring and registering trademarks, trademark infringement and available remedies, criminal offenses, defenses to trademark infringement and passing-off actions, depreciation of goodwill, likelihood of confusion, and unfair competition.	
<b>Limpert: Technology Contracting: Law, Precedents, and Commentary</b>	LIMPERT-TECH
Full text of <i>Technology Contracting: Law, Precedents, and Commentary</i> , which provides legal information, practice suggestions, and checklists related to negotiating and drafting agreements and transactions pertinent to technology-oriented companies.	

<b>McKeown: Fox on Canadian Law of Copyright and Industrial Designs</b>	FOX-COPYRIGHT
Full text of <i>Fox on Canadian Law of Copyright and Industrial Designs</i> , Fourth Edition, a comprehensive statement of Canadian copyright law and practice, which has been updated to include a review of the copyright reform process, a discussion of new international treaties, coverage of recent decisions on the nature and effect of confidentiality orders, and coverage of recent industrial design developments.	
<b>Odutola on Canadian Trade-Mark Practice</b>	ODUTOLA-CTP
Full text of <i>Odutola on Canadian Trade-Mark Practice</i> , a guide to filing, prosecuting, renewing, and opposing a trademark before the Canadian Intellectual Property Office.	
<b>Richard: Canadian Trade-Marks Act—Annotated Robic Leger</b>	ROBIC-TM
Commentary published in <i>Canadian Trade-Marks Act—Annotated Robic Leger</i> , a reference work that includes legislation, legislative history, regulations, and case law related to the Trade-Marks Act.	
<b>Sookman: Computer, Internet, and Electronic Commerce Law</b>	SOOKMAN-CIECL
Full text of <i>Computer, Internet, and Electronic Commerce Law</i> , which discusses the law and legal issues related to computers, electronic commerce, and the Internet.	

## Materials from the United Kingdom and Europe

### U.K. AND EUROPEAN CASE LAW AND ADMINISTRATIVE DECISIONS

DATABASE	IDENTIFIER
<b>Entertainment and Media Law Reports</b>	EML-RPTS
Full-text decisions from the Copyright Tribunal, the High Court of Justice, and other U.K. appellate courts and the Court of Justice and Court of First Instance of the European Communities that relate to entertainment and media law, including libel, publishing contracts, breach of confidence, and copyright. Coverage begins with 1993.	
<b>European Copyright and Design Reports</b>	ECD-RPTS
Full-text case law reports from <i>European Copyright and Design Reports</i> , which covers copyright decisions from many European courts. Coverage begins with 1995 (vol. 2000).	
<b>European National Patent Reports</b>	ENP-RPTS
Full-text patent decisions of European courts as published in <i>European National Patent Reports</i> . Coverage is from 1997 (vol. 2000) to 2002 (vol. 2003).	
<b>European Patent Office Reports</b>	EPO-RPTS
Full-text decisions of the European Patent Office (EPO) and its boards of appeal, including cross-references to rules of the European Patent Convention, as reported in <i>European Patent Office Reports</i> . Coverage begins with 1979.	
<b>European Trade Mark Reports</b>	ETR-RPTS
Full-text trademark decisions of the Court of Justice of the European Communities, the Court of First Instance of the European Communities, designated trademark courts, and domestic courts, as well as applications to and decisions of the Office for Harmonization in the Internal Market (Opposition Division and boards of appeal). Coverage begins with 1995 (vol. 1996).	
<b>Fleet Street Reports</b>	FLEET-RPTS
Full-text decisions from courts and tribunals in the United Kingdom, Ireland, the Commonwealth, and the European Union relating to intellectual and industrial property, including litigation in areas such as software, computer contracts, biotechnology, pharmaceuticals, and merchandising. Coverage begins with 1965 (vol. 1966).	
<b>Reports of Patent Cases</b>	RPC-RPTS
Decisions, judgments, and orders from the U.K. Patent Office and U.K. courts as reported in <i>Reports of Patent Cases</i> . Coverage begins with 1975 (vol. 1977).	

<b>U.K. Intellectual Property–All Reported Cases</b>	IP-RPTS
U.K. and European decisions from Sweet & Maxwell's <i>Entertainment and Media Law Reports</i> , <i>European Copyright and Design Reports</i> , <i>European National Patent Reports</i> , <i>European Patent Office Reports</i> , <i>European Trade Mark Reports</i> , <i>Fleet Street Reports</i> , and <i>Reports of Patent Cases</i> . Coverage varies by source.	
<b>U.K. Intellectual Property–Law Reports All</b>	IP-RPTS-ALL
Combination database containing U.K. and European decisions from Sweet & Maxwell's <i>Entertainment and Media Law Reports</i> , <i>European Copyright and Design Reports</i> , <i>European National Patent Reports</i> , <i>European Patent Office Reports</i> , <i>European Trade Mark Reports</i> , <i>Fleet Street Reports</i> , and <i>Reports of Patent Cases</i> and transcripts of judgments from Smith Bernal Reporting Limited. Coverage varies by source.	
<b>United Kingdom Intellectual Property Case Law Locator</b>	UKIP-CASELOC
Case law locator for significant U.K. and E.U. decisions related to intellectual property. Case law locator documents summarize a court decision; list citations to reporters in which a case is reported and to cases and legislation cited in the decision; and include a history of the case (direct history, negative citing references, and citations to the case). Coverage begins with 1865.	
<b>United Kingdom Intellectual Property–Transcripts</b>	UKIP-TRANS
Transcripts of proceedings in the Court of Appeal or High Court in which decisions, judgments, and orders that relate to intellectual property law in England and Wales are delivered. Coverage begins with 1999.	
<b>U.K. AND EUROPEAN STATUTES AND REGULATIONS</b>	
<b>DATABASE</b>	<b>IDENTIFIER</b>
<b>European Union Intellectual Property–Legislation</b>	EUIP-LEG
E.U. legislation related to intellectual property as reported in the <i>Official Journal of the European Community</i> , <i>L Series</i> , including international agreements, secondary legislation, and supplementary legislation. Coverage begins with 1952.	
<b>United Kingdom Intellectual Property–Law in Force</b>	UKIP-LIF
Statutes and statutory instruments currently in effect in the United Kingdom that deal with intellectual property.	
<b>United Kingdom Intellectual Property–Law in Force–PDFs of Entire Statutes and Statutory Instruments</b>	UKIP-LIF-PDF
Statutes and statutory instruments currently in effect in the United Kingdom that deal with intellectual property. They can be viewed in PDF.	
<b>United Kingdom Intellectual Property Legislation Locator</b>	UKIP-LEGISLOC
Comprehensive guide to current, historical, and future versions of legislation relating to intellectual property and related statutory instruments, along with corresponding references to citing case law and secondary sources.	
<b>United Kingdom Intellectual Property–Statutes</b>	UKIP-ST
Text of the consolidated U.K. statutes that are related to intellectual property law as published by Sweet & Maxwell.	
<b>United Kingdom Intellectual Property–Statutory Instruments</b>	UKIP-SI
Text of the consolidated U.K. statutory instruments that are related to intellectual property law as published by Sweet & Maxwell.	
<b>United Kingdom Intellectual Property–Treaties</b>	UKIP-TREATIES
Text of treaties relating to intellectual property, including the Paris Convention for the Protection of Industrial Property. Coverage begins with March 1883.	

## U.K. AND EUROPEAN TEXTS AND PERIODICALS

DATABASE	IDENTIFIER
<b>CIPA Guide Online</b> Full text of the treatise <i>CIPA Guide to the Patents Acts</i> , which covers U.K. patent law, including cases; EPO decisions; statutes (including Patents Act 1977 and Copyright, Patents, and Designs Act 1988); statutory instruments (including Patents Rules 1995); court rules; international conventions, treaties, and related rules and regulations; and EPO guidelines. <b>West Legal Directory–Intellectual Property</b> Profiles of law firms and branch offices and biographical records of attorneys who practice intellectual property law in any of the 50 states, the District of Columbia, Puerto Rico, the Virgin Islands, and Canada.	WLD-IP

## Legal Texts

DATABASE	IDENTIFIER
<b>Intellectual Property–Law Reviews, Texts, and Bar Journals</b> Documents from law reviews, texts, Am Jur 2d, continuing legal education (CLE) course materials, bar journals, and legal practice-oriented periodicals that relate to intangible property rights such as copyright, trademark, patent, trade secret, and other similar rights. Coverage varies by publication.	IP-TP

<b>Advising eBusinesses</b>	ADVEBUS
Full text of <i>Advising eBusinesses</i> , which examines legal and business issues confronting online businesses. The treatise includes detailed information on site contents and copyright, domain names and trademark law, privacy, advertising and marketing, unfair competition, jurisdiction, taxation, online contracts and payment, third-party liability, unfair competition, and criminal liability.	
<b>Advising High Technology Companies</b>	PLIREF-AHTC
Text of PLI's <i>Advising High Technology Companies</i> , which explores the application of general principles of intellectual property, tax, corporate, bankruptcy, and securities law to fact patterns and issues shared by high-technology businesses, from start-up financing through major corporate transactions such as mergers and acquisitions.	
<b>American Law Reports–Intellectual Property</b>	ALR-IP
Full text of annotations included in ALR (First through Sixth series) and ALR <i>Federal</i> (First and Second series) that pertain to intellectual property law. The database also includes the <i>Index to Annotations</i> covering these series.	
<b>Art, Artifact, and Architecture Law</b>	ARTARCHLAW
Text of <i>Art, Artifact, and Architecture Law</i> , which provides expert commentary and an integrated analysis of the laws and social, economic, cultural, and policy issues affecting the visual arts and arts transactions and litigation. Subjects covered include the fundamentals of art law, trade practices, valuation and appraisal, the Uniform Commercial Code, auctions, international trade, copyright, trademarks and unfair competition, artists' rights, fundamentals of exhibition and display, art fraud, multiples, archaeology and artifacts, historic preservation, and conservation.	
<b>BNA Corporate Practice Portfolios: Intellectual Property (Multibase)</b>	BNACPS-IP
Complete text of all portfolios related to intellectual property in the BNA Corporate Practice Library available on Westlaw. Not available to law school subscribers.	
<b>BNA Corporate Practice Portfolios: Trade Secrets: Protection and Remedies</b>	BNACPS-TS
Text of BNA's Portfolio No. 43-2, which examines the public policy of protecting trade secrets, the definition of trade secrets, and the distinction between a trade secret and a patent. Worksheets include an overview of major rules and regulations, practice aids, and sample agreements and orders. Not available to law school subscribers.	
<b>Calculating Intellectual Property Damages</b>	CALCIPDAM
Full text of <i>Calculating Intellectual Property Damages</i> , which explains how intellectual property damages are calculated.	
<b>Claim Construction in the Federal Circuit</b>	CLAIMCFC
Full text of <i>Claim Construction in the Federal Circuit</i> , which presents cases decided in the past year, as well as earlier cases where relevant, dealing with every aspect of patent claim construction in the U.S. Court of Appeals for the Federal Circuit.	
<b>Computer and Information Law Digest</b>	COMPINF
Full text of the <i>Computer and Information Law Digest</i> , Second Edition, a digest of cases in the computer and information technology fields. Topics covered include the Internet, patent law, software and systems protection, trade secrets and confidentiality, trademarks, contracts and licensing, antitrust and trade regulation, export and import, civil liability, privacy, and computer-related crimes.	
<b>Computer Law: Drafting and Negotiating Forms and Agreements</b>	CLDNF
Full text of <i>Computer Law: Drafting and Negotiating Forms and Agreements</i> , which includes an introduction to the computer system and chapters on contract law and business practices in the information age, the computer contracting process, equipment acquisition and financing, hardware maintenance, copyright protection of software, the role of trademarks, patenting software, trade secret protection, software licensing, software development and maintenance agreements, outsourcing, resellers, software publishers and works for hire, litigating computer actions, and antitrust law.	

<p><b>Computer Software: Protection, Liability, Law, Forms</b></p> <p>Full text of <i>Computer Software: Protection, Liability, Law, Forms</i>, which provides a basic understanding of software law while answering question about liability, protection, and litigation. The treatise covers such topics as appealing the U.S. Copyright Office's refusal to register a copyright claim, the danger of software developers losing trade secrets when state and local governments license software, the shareware regulations governing the recordation of documents pertaining to computer software and the donation of public domain, the problem of "false positive" indications from computer virus detection programs, income characterization and tips on how to qualify for capital gains treatment, restrictive agreements in employment contracts, and international licensing and the sale of software.</p>	COMPSOFT
<p><b>Corporate Compliance Series: Intellectual Property</b></p> <p>Text of <i>Designing an Effective Intellectual Property Compliance Program</i>, a volume of West's Corporate Compliance series, which provides expert guidance on compliance issues related to intellectual property plus examples of checklists, questionnaires, policy statements, and other helpful documents.</p>	CORPC-IP
<p><b>Corporate Counsel's Guide to Intellectual Property: Patents, Copyrights, Trademarks, and Trade Secrets</b></p> <p>Full text of the <i>Corporate Counsel's Guide to Intellectual Property: Patents, Copyrights, Trademarks, and Trade Secrets</i>, which provides an overview of intellectual property concepts and practical guidance on protecting intellectual property.</p>	CCGINTLP
<p><b>Corporate Counsel's Guide to Licensing</b></p> <p>Full text of the <i>Corporate Counsel's Guide to Licensing</i>, which discusses the use of a license as the primary document in a business transaction and as part of a broader arrangement, such as distribution, product development, or joint venture, as well as antitrust law, intellectual property issues, bankruptcy law, and the Uniform Computer Information Transactions Act. It also contains checklists, alternative clauses for the key features of a license, and summaries of actual licenses for a wide variety of licensing scenarios.</p>	CCGLICENS
<p><b>Corporate Counsel's Guide to Protecting Trade Secrets</b></p> <p>Full text of the <i>Corporate Counsel's Guide to Protecting Trade Secrets</i>, which provides guidance on helping businesses protect their proprietary information. Topics covered include what trade secrets are and how they can be protected, antitrust aspects of trade secrets, restrictive covenants in employment contracts, handling unsolicited idea submissions, criminal aspects of trade secret theft, and protecting trade secrets under the Occupational Safety and Health Administration's (OSHA's) Hazard Communication Rule and the Emergency Planning and Community Right-to-Know Act. The treatise also includes many forms and checklists.</p>	CCGPTRSE
<p><b>Corporate Counsel's Guide to Software Transactions</b></p> <p>Full text of the <i>Corporate Counsel's Guide to Software Transactions</i>, which discusses all aspects of software development agreements and related transactions. Topics covered include licensing and contractual issues, issues involved in using the services of programmers and other consultants, special problems related to software distribution and marketing, and strategies to use when faced with the bankruptcy of a licensor. The guide also includes checklists and numerous illustrative forms.</p>	CCGSFTWR
<p><b>Corporate Counsel's Guide to Technology Management and Transactions</b></p> <p>Full text of the <i>Corporate Counsel's Guide to Technology Management and Transactions</i>, which provides an overview of the various types of intellectual property rights and advice on how to protect them. Topics covered by the treatise include patents, copyrights, trade secrets, and trademarks; intellectual property in the global marketplace; and general considerations in negotiating technology transactions. The treatise also covers licensing agreements, research and development agreements, technology management, joint ventures, investment partnerships, computers and software, Web site design and hosting agreements, Internet and online transactions, and more.</p>	CCGTECHT
<p><b>Cyberlaw: Intellectual Property in the Digital Millennium</b></p> <p>Complete text of the treatise <i>Cyberlaw: Intellectual Property in the Digital Millennium</i>.</p>	CIPDM
<p><b>Drafting License Agreements</b></p> <p>Full text of <i>Drafting License Agreements</i>, which provides expert guidance on drafting licensing agreements.</p>	DLICA

<b>Eckstrom's Licensing in Foreign and Domestic Operations</b>	ECKLICN
Full text of <i>Licensing in Foreign and Domestic Operations</i> , which covers the legal and business considerations of licensing intellectual property rights worldwide, including the creation, recognition, and evaluation of legal rights to intellectual property; the determination of the value of the licensable rights and negotiation of such rights; and the tax consequences of the transfer of these rights.	
<b>Eckstrom's Licensing in Foreign and Domestic Operations: Joint Ventures</b>	ECKLICN-JV
Full text of <i>Eckstrom's Licensing in Foreign and Domestic Operations: Joint Ventures</i> , which offers guidance on forming international joint ventures involving intellectual property. The treatise contains a detailed analysis of the business and regulatory environment for joint ventures in 15 foreign countries and in Caribbean Basin Initiative countries.	
<b>Eckstrom's Licensing in Foreign and Domestic Operations: The Forms and Substance of Licensing</b>	ECKLICN-FO
Text of <i>Eckstrom's Licensing in Foreign and Domestic Operations: The Forms and Substance of Licensing</i> , which provides sample agreements and model clauses for licensing intellectual property rights worldwide, including forms and precedents used in the technology transfer process, the licensing of proprietary technology, and the marketing of a company's technology to affiliates and to unrelated third parties.	
<b>Emerging Technologies and the Law: Forms and Analysis</b>	EMERGTECH
Text of the treatise <i>Emerging Technologies and the Law: Forms and Analysis (formerly Multimedia Law: Forms and Analysis)</i> .	
<b>Entertainment and Intellectual Property Law</b>	ENT-IP
Full text of <i>Entertainment and Intellectual Property Law</i> , which discusses how the law protects entertainment-related intellectual property, such as books and periodicals, music, dance, theater, visual arts, scripts, and motion pictures and television. In addition to discussing the protection provided by copyright, trademark, patent, and right of publicity law, the treatise discusses misappropriation, the law of "ideas," common law copyright, and trade secrets.	
<b>Entertainment Law: Legal Concepts and Business Practices</b>	ENTERTAIN
Full text of <i>Entertainment Law 3d: Legal Concepts and Business Practices</i> , a reference for business attorneys who structure entertainment deals, negotiate contracts, or litigate disputes involving the entertainment industry. The treatise includes more than 160 sample forms and a glossary of entertainment terms. Topics covered include investment issues, distribution issues, representation of talent, talent agreements, talent credits and billing, artistic control, defamation, privacy, right of publicity, copyright, moral rights, trademarks, unfair competition, and electronic rights.	
<b>Federal Taxation of Intellectual Property Transfers</b>	FTIPT
Full text of <i>Federal Taxation of IP Transfers</i> , which discusses the applicable sections of the Internal Revenue Code, including the regular capital gains and safe harbor capital gains sections; the sale requirement; trade secret, trademark, service mark, trade name, franchise, and copyright transfers; and other matters.	
<b>Film and Multimedia and the Law</b>	REELGUIDE
Full text of <i>Film and Multimedia and the Law (formerly How to Avoid Reel Legal Problems: A Film Making and Multimedia Legal Guide)</i> , which discusses the legal issues surrounding filmmaking, including copyright, trademark, defamation, the right of privacy, and the right of publicity.	
<b>Franchise and Distribution Law and Practice</b>	FRANCHDIST
Full text of <i>Franchise and Distribution Law and Practice</i> , which covers franchising and distribution agreements, including the various types of franchise agreements, setting up and terminating agreements, and litigating agreements.	
<b>Franchising Realities and Remedies</b>	FRANCHRR
Complete text of the treatise <i>Franchising Realities and Remedies</i> .	
<b>Franchising Realities and Remedies Forms Volume</b>	FRRF
Complete text of <i>Franchising Realities and Remedies Forms Volume</i> .	

<b>Fundamentals of Sports Law</b>	SPORTSLAW
Text of <i>Fundamentals of Sports Law</i> , a practical guide to the legal aspects of sports and recreational activities. Specific topics covered by the treatise include tort liability, constitutional implications of policies such as eligibility rules and drug testing, negotiating contracts and representing athletes, tax and financial planning, collective bargaining and arbitration, and antitrust law.	
<b>Information Law</b>	INFOLAW
Full text of <i>Information Law</i> , which examines the legal issues surrounding the information industry and the treatment of information assets in modern commerce.	
<b>Intellectual Property and Antitrust Law</b>	IPANTITRST
Full text of <i>Intellectual Property and Antitrust Law</i> , which provides solutions to a wide range of legal problems that arise in the field of antitrust and intellectual property law. Beginning with a thorough update and overview of intellectual property and antitrust law, the treatise proceeds point-by-point through the key issues and problems related to the acquisition of intellectual property; the distributional restraints involving patents, trade secrets, trademarks, and copyright; dealer terminations; and the enforcement of intellectual property rights. The treatise includes extensive case citations and references to relevant texts and articles.	
<b>Intellectual Property Due Diligence in Corporate Transactions</b>	IPDD
Text of <i>Intellectual Property Due Diligence in Corporate Transactions: Investment, Risk Assessment, and Management</i> , which covers business strategies for carrying out due diligence on intellectual property assets and the effect of laws and regulations relating to intellectual properties, including valuation of intangible assets, structuring transaction agreements, and managing intellectual property assets. Unique issues related to trademarks and trade names, domain names, copyrights, trade secrets, databases, and semiconductor chip products are discussed.	
<b>Intellectual Property in Commerce</b>	IPCOMMERCE
Full text of <i>Intellectual Property in Commerce</i> , which analyzes the issues surrounding intellectual property as a commercial asset, including the use of intellectual property as collateral, Article 9 remedies where intellectual property is collateral, and intellectual property in bankruptcy.	
<b>Intellectual Property in Mergers and Acquisitions</b>	IPMA
Full text of <i>Intellectual Property in Mergers and Acquisitions</i> , which provides practical suggestions and guidelines for handling the intellectual property aspects of mergers and acquisitions, along with model forms and examples. An overview of the types of intellectual property assets and the basic concepts of mergers and acquisitions is followed by a detailed analysis of the stages of mergers and acquisitions.	
<b>Intellectual Property Law: Commercial, Creative, and Industrial Property</b>	IPLCCIP
Text of <i>Intellectual Property Law: Commercial, Creative, and Industrial Property</i> , a treatise that covers what intellectual property can be protected, requirements for protection, owners' rights and limitations on those rights, and standards for infringement for the major fields of intellectual property: patents, trade secrets, copyright, semiconductor chips, databases, software, Web publishing, trademarks, trade dress, and Internet domain names.	
<b>Intellectual Property Law: Damages and Remedies</b>	IPLDR
Text of <i>Intellectual Property Law: Damages and Remedies</i> , a treatise that discusses how to recover monetary compensation when infringement of an intellectual property right has occurred and how to prevent further infringement.	
<b>Intellectual Property Law for Business Lawyers</b>	IPLBL
Full text of <i>Intellectual Property Law for Business Lawyers</i> , a practical guide to intellectual property law that discusses the fundamentals of patents, trademarks, copyrights, trade secrets, unfair competition, advertising, franchise and licensing law, and other legal issues related to products and creative works.	
<b>Intellectual Property Licensing: Forms and Analysis</b>	IPLFA
Text of <i>Intellectual Property Licensing: Forms and Analysis</i> , a comprehensive collection of forms, checklists, and agreements covering intellectual property licensing issues.	

<b>Intellectual Property Litigation Guide: Patents and Trade Secrets</b> Full text of the <i>Intellectual Property Litigation Guide: Patents and Trade Secrets</i> , which discusses the procedural and evidentiary issues that arise in patent and trade secret disputes and litigation, including relevant cases, statutes, and rules.	IPLITGUIDE
<b>Intellectual Property Litigation: Pretrial Practice</b> Full text of <i>Intellectual Property Litigation: Pretrial Practice</i> , Second Edition, which provides comprehensive case analysis and a framework for streamlining the procedural requirements and issues involved in resolving patent, copyright, and trademark disputes.	IPTPP
<b>Internet and Online Law</b> Full text of <i>Internet and Online Law</i> , which includes chapters on contracting in the online environment, defamation, factual misstatements, obscenity and indecency, privacy and related issues, copyright, trademark and unfair competition issues, patents, regulatory issues, procedural issues, and securities law and the Internet.	IOLAW
<b>Internet Law and Practice</b> Full text of <i>Internet Law and Practice</i> (formerly <i>Rules of the Road for the Information Superhighway: Electronic Communications and the Law</i> ), which addresses the practical and conceptual ramifications of electronic communications and the legal issues involved. The treatise covers commercial transactions between users, including contract formation, content, and interpretation; public networks, including regulation, security, and liability; and e-mail in the workplace, including liability and First Amendment issues.	INTERNET
<b>IP Strategy: Complete Intellectual Property Planning, Access, and Protection</b> Text of <i>IP Strategy: Complete Intellectual Property Planning, Access, and Protection</i> , a treatise that covers the management and protection of intellectual property, including contract principles controlling intellectual property, legal strategies that promote inventiveness in a corporate environment, dispute resolution, and the effect of international agreements on protecting U.S. intellectual property assets.	IP-STRAT
<b>Law and Business of Computer Software</b> Full text of <i>Law and Business of Computer Software</i> , Second Edition, which discusses the issues surrounding the creation, ownership, distribution, and use of computer software.	LBCOMPSW
<b>Law of Computer Technology</b> Text of <i>Law of Computer Technology</i> , a treatise that discusses legal issues incident to computer technologies, including aspects of U.S. intellectual property law such as the law of copyrights, patents, and trade secrets; commercial transactions involving computers and computer technology such as technology licensing, software leasing, information services contracts, and computer-related torts; and emerging areas of the law such as computer crime, privacy and data protection, computer use and error liability, and electronic publishing.	LCOMTECH
<b>Law of Merchandise and Character Licensing</b> Text of <i>Law of Merchandise and Character Licensing</i> , which offers an overview of the merchandising and character licensing industry and insight into the process of selecting a particular property, clearing and creating rights in that property, protecting such rights, licensing the property to another party, monitoring the use of the property by another party, preventing misuse, and enforcing the rights established in the property against unlicensed infringers and counterfeiters.	LMCL
<b>Licensing and the Art of Technology Management</b> Full text of <i>Licensing and the Art of Technology Management</i> , which provides the expertise and guidance needed to develop, test, produce, and market technology in domestic and foreign marketplaces. The treatise covers the law and business of technology management and transfer, offering information on licensing in the corporate environment, implementing technology transfers, royalties and other sources of income from licensing, international licensing agreements, licensing and intellectual property litigation, and consulting in and transferring technology to developing countries.	LICENSATM

<b>Licensing Law Handbook</b>	LICLAW
Full text of the <i>Licensing Law Handbook</i> , which discusses the major international treaties and conventions on intellectual property rights and selected patent, trademark, copyright, and trade secrets laws. The treatise provides you with a basic understanding of how these treaties and conventions work and how they affect the development of legal tenets in signatory countries in the European Union and major industrialized countries of Asia.	
<b>Licensing of Intellectual Property</b>	LICENSIP
Text of <i>Licensing of Intellectual Property</i> , the definitive treatise on the law of licensing. Provides step-by-step guidance and in-depth analysis of the law of licensing, especially as it relates to licensing intellectual property.	
<b>Lindey on Entertainment, Publishing, and the Arts</b>	LINDEY
Full text of <i>Lindey on Entertainment, Publishing, and the Arts</i> , Third Edition, which covers entertainment law, mass communications, and the arts. In addition to discussing statutory changes, case law, and the development of legal doctrines, the treatise provides forms and detailed guidance for drafting agreements.	
<b>Miller and Davis' Intellectual Property—Patents, Trademarks, Copyrights</b>	IPPTC-NS
Full text of <i>Intellectual Property—Patents, Trademarks, and Copyright in a Nutshell</i> , Fourth Edition, which covers the foundations of patent protection, patentability, and the patenting process and the fundamentals of trademark and copyright law. The text also discusses international agreements affecting intellectual property. Not available to law school subscribers.	
<b>Model Documents: Intellectual Property</b>	MODELDOC-IP
Intellectual property–related documents, such as assignment and licensing agreements, filed as exhibits with the Securities and Exchange Commission (SEC), which can serve as models for similar transactions. Coverage begins with 2000.	
<b>Modern Licensing Law</b>	MODLICENLAW
Full text of <i>Modern Licensing Law</i> , which deals with the law relating to the licensing of information and informational rights. Topics covered by the treatise include contract law and antitrust considerations in licensing, licensing in digital and online industries, financing intellectual property assets, and modern themes and directions in licensing law.	
<b>Multimedia and Technology Licensing Agreements</b>	TECHLIC
Full text of <i>Multimedia and Technology Licensing Agreements</i> , which provides guidance and forms for structuring all types of multimedia and technology licensing transactions in areas such as product development, music, technology, celebrity names and persons, computer software, joint ventures, and cross-promotions.	
<b>New York Times v. Tasini—Texts and Periodicals</b>	TASINI-TP
Documents from law reviews, texts, ALR, Am Jur 2d, CJS, CLE course materials, bar journals, and legal practice–oriented periodicals related to the <i>New York Times v. Tasini</i> litigation in the U.S. District Court, Southern District of New York; the U.S. Court of Appeals, Second Circuit; and the U.S. Supreme Court. Coverage begins with 1988.	
<b>Patent/IP Law Materials from Both PLI Course Handbooks and Treatises</b>	PLIIP-ALL
Combined text of reference books (PLIREF-IP) and selected documents from the Patents, Copyrights, Trademarks, and Literary Property Course Handbook Series of CLE materials (PLI-PAT) published by PLI that are related to intellectual property.	
<b>PLI Intellectual Property Treatise Multibase</b>	PLIREF-IP
Combined text of reference books published by PLI that are related to intellectual property, including <i>Copyright Law: A Practitioner's Guide</i> ; <i>Federal Circuit Yearbook: Patent Law Developments in the Federal Circuit</i> ; <i>How to Write a Patent Application</i> ; <i>Landis on Mechanics of Patent Claim Drafting</i> ; <i>Likelihood of Confusion in Trademark Law</i> ; <i>Patent Law: A Practitioner's Guide</i> ; <i>Patent Licensing: Strategy, Negotiations, and Forms</i> ; <i>Patent Litigation</i> ; <i>Trademark Law: A Practitioner's Guide</i> ; and <i>Trade Secrets: A Practitioner's Guide</i> .	

<p><b>PLI Patents, Copyrights, Trademarks, and Literary Property Course Handbook Series</b></p> <p>Selected documents from the Patents, Copyrights, Trademarks, and Literary Property Course Handbook Series of CLE materials published by PLI. Topics covered include licensing, jury practice, injunctive relief, equitable defenses, the Internet, music publishing, computer and software standards, antitrust, the North American Free Trade Agreement, the General Agreement on Tariffs and Trade, and trade-related intellectual property rights. Coverage begins with October 1984.</p>	<p>PLI-PAT</p>
<p><b>Postlewaite, Cameron, and Kittle-Kamp: Federal Income Taxation of Intellectual Properties and Intangible Assets</b></p> <p>Full text of <i>Federal Income Taxation of Intellectual Properties and Intangible Assets</i>, which covers federal income taxation of intangible assets such as patents, copyrights, trademarks, and trade secrets; contract rights such as covenants not to compete, franchises, and leases; governmental privileges such as federal, state, and municipal licenses and permits; and assets generated by the conduct of a trade or business such as goodwill.</p>	<p>WGL-TAXIP</p>
<p><b>Protecting Intellectual Property Rights Across Borders</b></p> <p>Full text of <i>Protecting Intellectual Property Rights Across Borders</i>, which discusses enforcement procedures against counterfeit and pirated products under U.S. law, including the broad authority U.S. Customs and Border Protection and the Bureau of Immigration and Customs Enforcement have to take action. The treatise also examines international law and the key components of a border enforcement system compliant with the Agreement on Trade-Related Aspects of Intellectual Property Rights (TRIPS), including customs administration infrastructure issues that arise when governments consider expanding border enforcement authority.</p>	<p>PROTIPBORD</p>
<p><b>Restatement of the Law—Unfair Competition</b></p> <p>Complete text of <i>Restatement of the Law Third—Unfair Competition</i>, which addresses methods of competition that improperly interfere with the legitimate commercial interests of other sellers in the marketplace. Analyzing the interplay of common law and statutory rules, the restatement covers the right to compete, deceptive marketing, the law of trademarks, and related concepts of intangible property and correlative rights.</p>	<p>REST-UNCOM</p>
<p><b>Rights of Publicity and Privacy</b></p> <p>Text of <i>Rights of Publicity and Privacy</i>, which provides expert analysis of and commentary on publicity and privacy issues. The treatise includes the text of selected state statutes and covers state common law, as well as federal and foreign law. Specific subjects discussed include the history and development of the rights of publicity and privacy; policy reasons for the right of publicity; elements of infringement; who and what are protected; legal rights and legal sources defining those rights; constitutional issues; infringing use of personal identity in a commercial setting and in the media; postmortem right of publicity; assignment and licenses; and procedures, remedies, and defenses.</p>	<p>RTPUBPRIV</p>
<p><b>Schechter and Thomas' Hornbook on Intellectual Property: The Law of Copyrights, Patents, and Trademarks</b></p> <p>Full text of <i>Intellectual Property: The Law of Copyrights, Patents, and Trademarks</i>, which provides a comprehensive treatment of the three major branches of intellectual property law, surveying basic principles and emerging issues. The book summarizes what is clear, identifies what is unsettled, and offers ideas on how some open issues might be resolved. It also deals with a variety of related topics, including state laws governing the misappropriation of intangibles, state protection for the right of publicity and for trade secrets, and federal and state rules concerning false advertising and deceptive trade practices. Not available to law school subscribers.</p>	<p>IPCPTM-HB</p>
<p><b>State Computer Law: Commentary, Cases, and Statutes</b></p> <p>Full text of <i>State Computer Law: Commentary, Cases, and Statutes</i>, which discusses state law relating to computers. The treatise includes chapters on contracts, tort and negligence liability, trade secrets and protection of software, personal information privacy, taxation, electronic banking services, computer crime and abuse, and computer-based evidence and jurisdiction.</p>	<p>STATECOMP</p>

<b>Trade Secrets</b>	TRADESECRETS
Complete text of <i>Trade Secrets</i> , a guide to the law of trade secrets from the classic misappropriation theory to recent issues such as reverse engineering and inevitable disclosure, including discussions of corporate policies, information protection plans, and compliance programs that can help avoid conflict, as well as issues of industrial espionage and breach of confidence by former employees.	
<b>Trade Secrets: A Practitioner's Guide</b>	PLIREF-TRDSEC
Text of PLI's <i>Trade Secrets: A Practitioner's Guide</i> , which covers legal protections for innovations, information, and expertise, including subject matter of trade secrets; competitive advantage, novelty, and investment; wrongful use and wrongful acquisition; defenses; transferring rights; litigation; trial; remedies; and international disputes.	
<b>Trade Secrets Law</b>	TRDSECT
Text of <i>Trade Secrets Law</i> , which covers state and federal trade secret laws, including ownership rights incident to trade secrets; remedies available in trade secret litigation; the interface of trade secret law with patent and copyright laws, antitrust laws, and the Freedom of Information Act; taxation of trade secrets; and government regulation of trade secret licensing.	
<b>Trade Secrets Throughout the World</b>	TRADESEC
Full text of <i>Trade Secrets Throughout the World</i> (formerly <i>Worldwide Trade Secrets Law</i> ), which describes and analyzes the law of trade secrets in the United States and 30 other countries, many of which are significant U.S. trading partners. The treatise offers guidance for making international and global business decisions, gives the practical steps that must be taken in a given country to keep a trade secret from the public, analyzes both the criminal and civil protections available, and covers the interrelation of trade secrets and business issues.	
<b>World Intellectual Property Organization—Rules</b>	WIPO-RULES
Text of the WIPO: Mediation, Arbitration, and Expedited Arbitration Rules and Recommended Contract Clauses and Submission Agreements and the WIPO Arbitration and Mediation Center: Supplemental Rules for Uniform Domain Name Dispute Resolution Policy, as published in <i>International Legal Materials</i> and the International Economic Law Documents database (IEL) by the American Society of International Law. Coverage begins with October 1994.	
<b>Legal Periodicals</b>	
<b>DATABASE</b>	<b>IDENTIFIER</b>
<b>Intellectual Property—Law Reviews, Texts, and Bar Journals</b>	IP-TP
Documents from law reviews, texts, Am Jur 2d, CLE course materials, bar journals, and legal practice-oriented periodicals that relate to intangible property rights such as copyright, trademark, patent, trade secret, and other similar rights. Coverage varies by publication.	
<b>AIPLA Quarterly Journal</b>	AIPLAQJ
Full-text articles from the <i>AIPLA Quarterly Journal</i> (formerly the <i>American Intellectual Property Law Association Quarterly Journal</i> ). Selected coverage begins with 1986 (vol. 14).	
<b>Andrews Computer and Internet Litigation Reporter</b>	ANCOMPILR
Text of the <i>Computer and Internet Litigation Reporter</i> (formerly the <i>Computer and Online Industry Litigation Reporter</i> ), a semimonthly newsletter that covers copyright, patent, and trademark claims; trade secret litigation; contract disputes; antitrust cases; and suits arising from online services and commerce on the Internet, including suits regarding intellectual property protection, privacy, libel, government regulations, computer crime, and access to data. ANCOMPILR also contains archived documents from the <i>E-Patent Litigation Reporter</i> . Coverage begins with November 1996.
