

Labor Relations Databases

Current through March 30, 2007

Westlaw provides labor law practitioners with a comprehensive library of databases that relate to labor law. Case law, statutory law, and administrative law databases cover labor-management relations, including labor organizations, unionization, collective bargaining, unfair labor practices, arbitration, labor relations boards, and wage and hour regulation.

In addition, the large collection of legal texts and periodicals on Westlaw provides practitioners with expert guidance and practice tips. News and business databases provide current information about labor issues.
