

CHINA ESSENTIALS SERIES

Employment Law & Practice in China

by Andreas Lauffs

This book provides practical and analytical commentary on the key issues faced by businesses in China. It also covers the impact and changes brought about by new law.

- Coverage of hot topics that most businesses are currently grappling with
- Analysis and commentary on the application of the new law and its impact
- Chapters focused on business application rather than legalese
- Extensive case studies to further understanding of the business environment

Published January 2008 by Sweet & Maxwell Asia | **Hardcover** | ISBN 9789626613252

Trademark Law in China: Pirates in the Middle Kingdom, the Ensuing Trademark Battle, 2nd Edition

by Loke-Khoon Tan

The second edition of this title provides a comprehensive analysis of China's developing trademark laws.

- Application of relevant rules and regulations are neatly illustrated by case studies
- Useful appendices include translations of the Chinese intellectual property and trademark laws, related notices and regulations and cases decided by the Chinese Supreme People's Court

Published December 2007 by Sweet & Maxwell Asia | **Hardcover** | ISBN 9789626613276

Arbitration in China: A Practical Guide

by general editors Daniel R. Fung, SBS, SC, QC, and Dr. Sheng Chang Wang, with advisory editors Jerome A. Cohen, Neil Kaplan, CBE, and Professor Peter Malanczuk

This two-volume work, produced in conjunction with the China International Economic and Trade Arbitration Commission, is the first major title on arbitration in China.

- General principles and specialized areas of arbitration
- Reference materials including rules and conventions, and comparative tables

China Taxation: Law, Practice and Planning

by Yongjun (Peter) Ni and Peter Guang Chen

This accurate and up-to-date manual presents a clear and detailed analysis of all facets of taxation in China. Practical examples are offered throughout the manual, as well as tax planning advice provided by tax practitioners with extensive experience in dealing with the Chinese tax system and tax officials with firsthand knowledge of the procedures and workings of the Chinese tax administrations at the national and provincial levels.

Published 2006 by Sweet & Maxwell Asia | **Looseleaf** | ISBN 9789626612651

Insolvency in China and Hong Kong

by Alan Tang

The emphasis of this book is on the more practical aspects of insolvency. Its objective is to enable readers to gain insight into the relevant areas of insolvency practice by tracing the historical development of insolvency law and practice, and by sharing the knowledge and experience of the author and others.

Published September 2005 by Sweet & Maxwell Asia | **Hardcover** | ISBN 9789626612743

International Transfer Pricing in China: Post WTO

by Koon Hung Chan and Agnes Wai Yee Lo

International transfer pricing is one of the most controversial and least understood taxation issues faced by multinational corporations. The second edition of this well-received title provides a detailed analysis of China's business environment relating to transfer pricing, its legal framework and the way it compares with its major trading partners.

PRC Accounting Law and Practice (Fully Bilingual)

by Lawrence T. Lau

PRC Accounting Law and Practice is a comprehensive and practical guide for accountants, lawyers and professionals involved in the preparation of financial information in accordance with PRC accounting standards. Each chapter includes commentary on PRC accounting practice, comprehensive accounting entries and accounting examples.

Published May 2005 by Sweet & Maxwell Asia | **Hardcover** | ISBN 9789626612774

PRC Corporate Secretarial Practice Manual

by DeHeng Law Offices

This work is a practical guide to all the important aspects of business administration in China. It covers the latest legislative and regulatory changes in this area and describes China's administration, legal system, government and different types of ownership for foreign-invested businesses.

Published December 2005 by Sweet & Maxwell Asia | **Looseleaf** | ISBN 9789626612835

Trust Law in China

by Lusina Ho

Trust Law in China is the first thorough examination of the recent trust law. It contains detailed discussions of practical issues relating to the uses, establishment, and administration of a Chinese trust, as well as the remedies for breaches of trust. A work of analysis, *Trust Law in China* explores the ways in which the new trust law will achieve the intended purpose of facilitating the expansion of China's financial sector.
